August is Jazz Month in Houston - Fabulous!

Calling all lovers of Jazz. This is your season! Cafe 4212 held a capacity crowd last week as jazz great Bobby Lyle performed, kicking off Jazz Month in Houston. By seven o'clock they were turning people away at the door. The event was hosted by KTSU 90.9FM.

Speaking of jazz, Joe Carmouche will be performing at various locations this month. You can catch him every Wednesday at Mr. A's Night Club located at 3409 Cavalcade, on Friday's, the remainder of the month, at Cafe 4212, 4212 Almeda, Saturday's at Blackwood Steak House, formerly Legends Jazz Cafe, 1004 N. San Jacinto and Sunday, August 14th, at Flora & Muse Bar and Grill located in the Town and Country City Centre, starting at 3pm, this event is free to the public. So all you grand jazz lovers, roll this month 'til the wheels fall off!

Happy Birthday

Happy Birthday wishes go out to TSU alums Julia Askew and Johnnie Cole as they came together last week to celebrate their birthdays together. A crowd of 75 participated in their private celebration.

Whispers In The Wind - (A Little Dirt for the Day)

Just when everybody thought it was super cool to live in 3rd Ward again, people began buying old dilapidated houses to tear down and build their dream homes, and everybody was dying to have a 77004 zip code. Then, in comes some old school Third Ward activities, shooting, stabbing and killing. Yep, thought it (crime) was gone just because the highrises were built?, just because they put high dollar amounts on the new condominiums and apartments around Almeda? Well, I'm here to say, nothing about the hood is gonna ever change as long as you have a gross amount of homelessness, hopelessness and poverty, all in one concentrated amount.
