**Hazel Ramsey - Fabulous Around Houston**

They say that everything is *sweeter* in Sugarland; well, I tend to agree. Sugarland served as the fabulous venue recently as one of its' fabulous residents opened her home and heart to family and friends of **Cheryl Nelson**, as they celebrated Cheryl's upcoming springtime nuptials.

Oh, a wedding shower is just a wedding shower, one may think. But this was no regular wedding shower as the gracious hostess laid out the red carpet for this affair!

**Jacqueline Kinloch**, gracious hostess, treated each guest that entered her abode with warmth and southern hospitality. Each guest was greeted with a shrimp cocktail served in fine crystal, upon entering her home. The guests were entertained with live music from songbird, Julie Johnson and her accompanist. We feasted on catered delicacies all the while popping bottles of Moët and delightful tropical drinks. Desserts included: custom cupcakes shaped like high-heeled shoes and a custom cake designed like a basket of flowers. Custom fresh flower creations throughout the home accented Jacqueline's beautiful home decor. Did I mention the fine crystal stemware? This was no paper goods affair! Thank you so much Cheryl, for the invite, everything was simply *Fabulous!*

There were more designer shoes in the kitchen than on the 1st floor of Neiman Marcus, itself.

A great time had by all.

Forever Fabulous,
